

## *Compliance is a requirement*

Compliance with evolving regulations and standards has become increasingly complex and is yet often obligatory in order to maintain a license to operate. Regulatory watch, choice of standards, compliance process design, execution and connecting with authorities are services delivered by Bureau Veritas.

## *Compliance is a performance management tool*

Beyond conformity, Bureau Veritas can guide your organization through compliance as a management tool to achieve business continuity and excellence.

Bureau Veritas worldwide technical center network

Bureau Veritas is a professional Quality, Health, Safety and Environmental services company and delivers optimal compliance management in line with your business objectives with the multidisciplinary skills of over 50,000 employees in 940 locations worldwide.
